

Guidelines on Sample Formats of Religion and Social Studies Test Papers

Year 6

- Sample formats (possible questions and some examples for answers) for the Religion and Social Studies Test Papers are being provided.
- Content and layout may vary according to what is covered in class.
- Two separate lists, one for Religion topics and another for the Social Studies topics, covered throughout the scholastic year, are also being provided. Teachers will inform students which topics are to be studied for Half-Yearly Tests.
- Both the sample format Test Papers and the list of topics may be used as guidelines, for revision work, to help consolidate the students' learning.
