SCHOOL UNIFORM

The school uniform should reflect a feeling of pride and dignity for the school. A girl is to behave as expected – to be polite, to be a pleasure to have in class, to be a joy to both her parents and teachers and above all to be an asset to the school. My aim and that of the staff is to develop these qualities in each girl.

I am sending you this circular as it is imperative that all our girls wear the same uniform. It is important that everyone adheres to the rules of uniform and do not hesitate to ask if in difficulty. Our girls should be proud to wear their school uniform.

We expect your full co-operation.

Thank you.
