21st February 2017

Dear Parents / Guardians,

As advised in previous circulars, a talk for all parents/guardians of students attending the Senior School will be held next month.

DATE : Thursday 9th March 2017

TOPIC : Positive Parenting

SPEAKER : Dr. Anna Vella

TIME : 9.00am – 10.00am

VENUE : Marian Hall

Should you be interested in attending, kindly fill in the form below. This is to be returned to the class teacher by not later than **Friday 3rd March 2017**.

Besides useful and interesting parenting tips in how to handle teenagers during adolescence, all those attending will have the opportunity to visit the new Design and Technology Lab and Biology Lab. These are both projects which were carried out during the past months and were only possible through your donations. I wish to thank you all for such contributions and support, which keep us totally committed to providing your daughter's all round education.

Yours sincerely,

Mrs. J. Attard Pulis
Head of Senior School
