

Sacred Heart College this scholastic year  
2021-2022  
embraces the goal of COMMUNITY  
F – I – N – E

The Goal of Community focuses on building healthy relationships within the school climate which encourages the participation of each member within the community. This demands that the heart, mind and will of all educators and students are shaped to strive in living 'One Heart', which is our school's motto, "COR UNUM"
